Application No.10/733,178 :
Filed: December 10, 2003 :
Attorney Docket No. 498552000200 :
Title of Invention: Method and System for
Analyzing Data and Creating Predictive Models

This is in response to the petitions filed February 13, 2006, under 37 C.F.R. §1.47(a) and the petition to revive under 37 CFR 1.137(b).

Petition Under 37 CFR 1.47

Petitioner has shown that the non-signing inventors Caffrey, Joiner-Congleton and Kim have refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the petition and declaration of facts attest a copy of the application was mailed to each of the non-signing inventors. The non-signing inventors' failure to respond to the application papers sufficiently establishes that they refuse to execute the application papers.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette

Petition under 37 CFR 1.137(b)

This above-identified application became abandoned for failure to file a response to a Notice to file Missing Parts of a Nonprovisional Application which was mailed on March

18, 2004. The Notice to File Missing Parts set an extendable two (2) month period for reply. No extensions of time were obtained under the provisions of 37 CFR §1.136(a). Accordingly, this application became abandoned on May 19, 2004. A Notice of Abandonment was mailed on July 15, 2005.

The requirements for a grantable petition under 37 CFR §1.137(b) have been met. This petition is hereby **Granted**.

This application is being forwarded to the Office of Initial Patent Examination for further processing.

Telephone inquiries related to this decision may be directed to the undersigned at (571) 272-3215.
